This is your confirmation of design. With your approval you are confirming the accuracy of design, as well as the place and size of all logos and colours. If colours are not defined by PANTONE SOLID COATED colour codes, we cannot guarantee colour accuracy. Please note that the appearance or colour intensity of print on elastic materials may change when the fabric is stretched. Similarly, sublimation-printed parts may differ in colour from non-printed parts of bib shorts (around the pad area) where the fabric is pre-dyed. We cannot guarantee absolute continuity of design across adjacent stitched panels. Graphics on sleeve cuffs cannot be present on products without sleeve cuffs.
